

Photo Format for U.S. Passport and Visa Applications

Your photo must match the dimensions of this sample:

The photograph must be:

- **In color** – we do not accept black and white
- Printed on high quality photographic paper
- Untrimmed
- 2"x 2" excluding white borders with at least 0.5" between the top of the applicant's head and the top edge of the photograph
- head size from chin to top of head, minimum 1", maximum 1-3/8"
- facing completely forward (head not turned) without a head covering
- white background
- **NOTE: We no longer accept photographs of passport/visa applicants wearing spectacles – please remove your glasses.**

Photographers

Provided the photographs meet the specified requirements, you may use any photographer. The following is a list of some photographers who are known to provide acceptable photographs for U.S. passport and visa applications. The list is provided for your convenience but please note that the Consulate General cannot recommend any specific photographer, or assume any responsibility for their efficiency, integrity, or reliability. Fees and the service provided are solely a matter between you and photographer selected.
