**Solicitation Notice for RFQ No. 19UK5623Q0041**

**Subject:** Plate Heat Exchangers for the U.S. Embassy, London

The U.S. Mission to the United Kingdom has a requirement for plate heat exchangers and intends to fulfill this requirement by requesting quotations. Only companies specializing in this field should apply for a solicitation package and present proof of their qualifications and previous appropriate work.

It is compulsory for all companies doing business with the U.S. Government valued at over \$30,000 to register on a website called "SAM – System for Award Management" [www.sam.gov](http://www.sam.gov). The website compiles standard information such as company legal name, street address, contact information, and what kind of goods and services it offers. To register in SAM and a CAGE code are required. If you do not have this information, it must be obtained before registering. There is no cost involved, either in obtaining the numbers or registering in SAM. Interested parties are strongly encouraged to register their business as soon as possible to avoid any delay in finalizing an award.

Interested parties should contact GSO Procurement at [LondonProc@state.gov](mailto:LondonProc@state.gov) to request a copy of the solicitation documents. Please note that the RFQ documentation is not yet ready to be issued. Please include the solicitation **19UK5623Q0041** in your email subject line to receive the solicitation package when it is ready.
